PROFESSIONAL SUMMARY

To seek and maintain a full-time position that offers professional challenges utilizing interpersonal skills, excellent time management and problem-solving skills. Passionate about learning new skills and knowledge through work.

WORK EXPERIENCE

JC Tam & Associates - Survey Technician

Richmond, BC 2017/10 - 2021/06

- Search, locate and recover existing survey markers, including stones and property irons, and set out stakes and other markers
- Compile and verify preexisting data from photographs, previous surveys, maps, deeds, legal descriptions and other sources
- Lay out grids and position rods, operate measuring instruments, including theodolites, prisms and electronic tools
- Record data using electronic devices, image-capturing software, drawings and detailed notes, and double-check for accuracy
- Inventory and maintain equipment for use by survey party, including vehicles, electronics and brush-cutting tools
- Work in collaboration with other members of the survey party, taking direction from the lead surveyor and instructing and assisting subordinates but working independently when needed
- Clear brush and transport tools and materials over uneven terrain, and retrieve stakes, rebar and other miscellaneous materials from the site at the end of each project
